EDUCATION

California State University, East Bay

Bachelor of Science in Computer Science

Expected Graduation: May, 2027

TECHNICAL SKILLS

Languages: Python, JavaScript, C++, Java, HTML, CSS

Concepts: Object-Oriented Programming, Data Structures, Problem Solving, Algorithms

Tools & Technologies: Git, GitHub, VS Code, OpenAI API

PROJECTS

Portfolio Website | HTML, CSS, JavaScript, GitHub Pages

- Designed and deployed a responsive portfolio website featuring interactive UI components, animations, and project showcases.

AI PDF Assistant | Python, JavaScript, OpenAI API

- Built an AI-powered application that answers questions from uploaded document content using natural-language processing.

AI Resume Analyzer | Python, JavaScript

- Developed a resume analysis tool that compares resumes against job descriptions and provides match scores and keyword recommendations.

StackAssist | Python, FastAPI, JavaScript, Stack Overflow API

- Created a web application that searches programming questions and surfaces relevant Stack Overflow solutions through API integration.

RELEVANT COURSEWORK

- Data Structures
- Object-Oriented Programming
- Introduction to Programming
- Algorithms

ADDITIONAL INFORMATION

- Interested in AI-powered applications, software engineering, and modern web development
- Currently building projects involving AI tools, web technologies, and interactive user experiences
